PEAK DIESEL ANTI-GEL is a multifunctional diesel additive that is specifically designed to work in harsh, cold weather environments. It contains a unique blend of Cold Flow Improvers that lower the pour point up to 39°F and reduce the CFPP up to 30°F. Designed with a patented detergent additive technology that keeps injectors found in new generation High-Pressure Common Rail (HPCR) injection systems clean.

**DESCRIPTION:**

PEAK DIESEL ANTI-GEL is a multifunctional diesel additive that is specifically designed to work in harsh, cold weather environments. It contains a unique blend of Cold Flow Improvers that lower the pour point up to 39°F and reduce the CFPP up to 30°F. Designed with a patented detergent additive technology that keeps injectors found in new generation High-Pressure Common Rail (HPCR) injection systems clean.

**BENEFITS:**

- Prevents fuel gelling in extremely cold weather
- Wax Anti-Settling Agents (WASA) help prevent heavy wax from settling in fuel tanks
- Improves cetane by up to 4 numbers, for better performance
- Improves lubricity to protect fuel injectors and pumps against premature wear
- De-icing chemistry reduces filter plugging due to moisture
- Patented diesel detergent technology keeps fuel injectors clean and optimizes fuel economy, while providing efficient combustion and reduced emissions
- Effective in all diesel fuels, including biodiesel blends
- Contains less than 15 PPM Sulfur
- Prevents fuel gelling in extremely cold weather
- Wax Anti-Settling Agents (WASA) help prevent heavy wax from settling in fuel tanks
- Improves cetane by up to 4 numbers, for better performance
- Improves lubricity to protect fuel injectors and pumps against premature wear

**PROPERTIES:**

Treat rates may vary due to regional fuel characteristics. Please contact your PEAK Commercial & Industrial representative for recommendations.

**SHIPPING INFO:**

- **Description:** 32oz.
- **Part Number:** PKDA632
- **Unit UPC:** 0-74804-06123-9
- **Case UPC:** 0-74804-16123-6
- **Case SCC-14:** 1-00-74804-06123-6
- **Case Weight/Cube:** 25 lbs/0.90 cu. ft.
- **Pack/Unit Case:** 12
- **Unit Dimensions:** 4.28" x 2.58" w x 9.76" h
- **Case Dimensions:** 13.5625" x 10.8125" w x 10.5625" h
- **Units/Cases per Pallet:** 528 units/44 cases (968 cases/truck)
- **Cases/Rows High:** 11/4
- **Units per Truck:** 11,616
- **Truckload Weight:** 22 pallets/truck – 25,300 lbs.
- **Pallet Size:** 48.75" x 40" w x 47.1" h
- **Pallet Weight:** 1150 lbs.*

(*) Includes Pallet Wt.: 20 @ 50 lbs. ea. = 1,000 lbs. Product Liability Information/Safety Data Sheet available upon request.

DIESEL FUEL QUALITY IS IMPORTANT. KEEP YOUR MACHINES AND YOUR PEOPLE RUNNING.
