PEAK DIESEL ANTI-GEL CONCENTRATE is a multifunctional diesel fuel additive, highly concentrated for bulk storage tank applications. It functions as a wax modifier to improve low temperature operability of diesel fuel.

PEAK DIESEL ANTI-GEL CONCENTRATE may be continuously or batch blended into diesel fuel as a concentrate or as a stock solution. Proper blending and handling procedures must be followed due to the nature of all low temperature operability additives. This additive is concentrated and should be kept at 32°F or warmer until added to the fuel. Blend the additive with the fuel at temperatures at least 10°F above the cloud point of the fuel. Ensure the additive is at or above minimum handling temperatures to avoid potential performance issues. Verify that the additive is completely dissolved into the fuel.

PEAK DIESEL ANTI-GEL CONCENTRATE is compatible with the following materials of construction: mild steel, 304 stainless steel, 316 stainless steel, Teflon, and Viton. Do not use with polyethylene, polypropylene, neoprene, Buna-N, or natural rubber. Copper, brass, or bronze (yellow metals) should not be used with neat additive.

**SHIPPING INFO:**

- **2.5 Gal Drum**
  - UPC Code: 0-74804-05789-8
  - Case SCC-14 Code: 1-0074804-05789-5
  - Case Weight/Cube: 36 lbs./1.38 cu. ft.
  - Pack/Unit Case: 2
  - Unit Dimensions: 6.67” x 9.12” x 14.38”
  - Cases/Rows High: 12/3
  - Units per Case: 72 units/36 cases
  - Units per Truck: 22 pallets/truck - 29,612 lbs.
  - Truckload Weight: 14,584 lbs.

- **55 Drum Gal Tote**
  - UPC Code: 0-74804-05790-4
  - Case Weight/Cube: 440 lbs. (per drum)
  - Pack/Unit Case: 4
  - Unit Dimensions: 48” x 40” x 46”
  - Cases/Rows High: 14 units
  - Units per Case: 1
  - Units per Truck: 14 totes/truck - 28,980 lbs.

- **275 Gal Tote**
  - UPC Code: 0-74804-05791-1
  - Case SCC-14 Code: 1-0074804-05791-1
  - Case Weight/Cube: 2070 lbs. (per tote)
  - Pack/Unit Case: 1
  - Unit Dimensions: 48” x 40” x 46”
  - Cases/Rows High: 1
  - Units per Case: 14 totes
  - Units per Truck: 14 totes/truck - 28,980 lbs.

(*) Includes Pallet Wt.: 20 @ 50 lbs ea. = 1,000 lbs. Product Liability Information/Safety Data Sheet available upon request.
