**DESCRIPTION**

PEAK® Antifreeze + Coolant is specially engineered to deliver guaranteed superior lifetime protection*. Its advanced universal formula contains a proprietary blend of 10X the scale-fighting inhibitors† coupled with robust organic additives to fight against the damaging effects of scale deposits and corrosion. PEAK Antifreeze + Coolant is free of 2-EHA, silicate, nitrite, borate and amines, ensuring maximum cooling system performance for 10+ years/300,000+ miles*. It is compatible for use with any color or type of antifreeze/coolant in the system.

**FEATURES & BENEFITS**

- Specially formulated to deliver Superior Lifetime Protection†† against damaging scale and corrosion
- Contains 10X the scale-fighting inhibitors† to ensure maximum cooling system performance
- Provides more than 2X the warranty coverage for 10+ years/300,000+ miles of service††
- Universal formula is compatible with any color or type of antifreeze/coolant
- Meets the performance requirements of ASTM D3306 and D4985

**APPLICATIONS**

PEAK® Antifreeze + Coolant is designed for use in all North American, Asian and European passenger cars, SUVs, motorcycles and light/medium duty trucks, regardless of make, model or year.

Best performance is achieved when a complete flush & fill is performed using PEAK Antifreeze + Coolant.

*Lifetime Protection: 10+ years/300,000+ miles lifetime guarantee when a complete cooling system flush and fill is performed and proper cooling system maintenance is followed. Always follow vehicle owner’s manual for top off requirements, change intervals and specified maintenance. See peakauto.com for more details.

† Versus legacy PEAK Antifreeze + Coolant technologies.

**Additional Information**

**Testing Requirements:** For proper freeze and boilover protection, use a traditional refractometer or hydrometer to measure the percentage of ethylene glycol by volume.

**Storage Recommendations:** PEAK Antifreeze + Coolant can be stored in original container at ambient temperature with limited periods of exposure to temperatures above 95°F (35°C) for 3-5 years, provided the container remains sealed. Product should be agitated before dilution or use.

**Safety and Environmental Guidance:** PEAK Antifreeze + Coolant contains virgin ethylene glycol and should be kept away from children and animals to prevent exposure. A biting agent is added to help reduce the potential for accidental ingestions of this product. More information with guidance on health, safety and disposal is available on the appropriate Safety Data Sheet, which can be obtained from peakauto.com. Always dispose of used coolant in accordance with local, state and Federal guidelines.
