

PEAK OPTIX®

DESCRIPTION:

PEAK® OPTIX® Wiper Blades are beam blades designed to have continuous pressure points that hug the windshield to provide a streak free wipe in any weather. This frameless technology and state of the art narrow spoiler help prevent wind lift as well as ice and snow build-up. Many new vehicles on the road today have unique wiper arms that can only be replaced in the aftermarket with another beam blade specifically designed for these wiper arms. The EZ-Snap™ adapter system, featured on OPTIX® Wiper Blades, cover most of these arm types making installation quick and easy.

BENEFITS:

- Revolutionary wiping design - optimum visibility with continuous pressure
- Frameless technology helps prevent ice and snow build-up
- State-of-the-art, narrow width blade design
- Easy installation with necessary adapters provided
- Trilingual sleeve packaging
- Full line of wiper blades from 15" - 28"

APPLICATION:

Application information varies with your vehicle's year, make and model. Be sure to review your owner's manual, your retailer's application data or look up your vehicle's wiper blade size(s) and arm information at www.peakauto.com.
